

Vital Support for a Strong Immune System

Facing Seasonal Challenges

Exclusive United States Distributor of MediHerb®

A Quality Partnership

Essential Immune System Protocols

Seasonal immune system issues require specific support for your patients. Standard Process and MediHerb offer a unique range of products designed for the individual needs of each patient.

When Long-Term Support Is the Choice

Immuplex®

- › Contains minerals as well as Protomorphogen™ and Cytosol™ extracts to support healthy immune system function
- › Supports the body's normal response to inflammation as it relates to periodic challenges like strenuous activity
- › Helps to maintain normal white blood cell activity already within a normal range
- › Taken daily, supports healthy immune system response function and provides phytochemicals with antioxidant activity
- › Gluten-free*

4935 40 Capsules 4960 150 Capsules

Epimune Complex

- › A vegetarian option that supports specific aspects of immune system activity
- › Contains research-supported ingredients such as EpiCor® and maitake and turkey tail mushrooms
- › Supports healthy white blood cells
- › Helps support respiratory health year-round, especially during seasonal challenges
- › Helps activate and balance a healthy immune system response function
- › Gluten-free*

View our clinical research, *Effective and Comprehensive Support for Immune Function*, found on our website.

4050 90 Capsules

Echinacea Premium

- › Offers superior long-term immune system support when taken every day
- › Patented combination of the roots of *Echinacea angustifolia* and *Echinacea purpurea* with a minimum of 4.1 mg of alkylamides in every tablet
- › Synergistic blend of alkylamides that enhance each other for potent support of the immune system
- › The result of specialized expertise in the manufacturing and testing of Echinacea products for efficacy, including a \$1.5 million research project and successful clinical trial data*

M1240 40 Tablets

M6930 200 mL

M1245 120 Tablets

M6935 500 mL

Cod Liver Oil

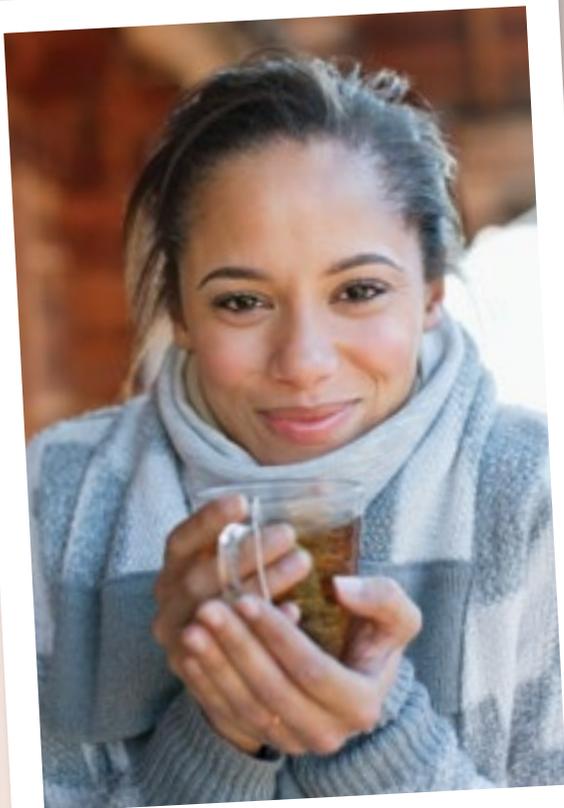

- › Natural profile of vitamin A and vitamin D
- › Supports the body's healthy immune response function
- › Provides EPA and DHA omega-3 fatty acids that, according to the United States Food and Drug Administration, may reduce the risk of coronary heart disease
- › Supports immune system response and healthy eyes and skin
- › Contains small amounts of naturally occurring coenzyme Q₁₀ in convenient perles with a natural lemon flavor
- › Gluten-free*

2685 180 Perles

OR

When Short-Term Support Is Recommended

Andrographis Complex

- › Ideal short-term support, especially when the immune and respiratory systems are under stress
- › Supports and maintains normal body temperature already within a normal range
- › Supports healthy immune system response following stress, sudden changes in weather or temperature
- › Contains Andrographis, Echinacea, and Holy Basil
- › Contains 10 mg of andrographolide in each tablet for optimal strength and quality*

M1110 40 Tablets

M1115 120 Tablets

Congaplex®

- › Supports healthy immune system response function
- › Provides antioxidant activity and supports the thymus gland
- › Contains ribonucleic acid which the body uses to build new cells
